

# Dennis and Linda's E-News

## ON THE ROAD AGAIN

In a few days we will leave for Belgium. After visiting friends and probably preaching a couple of times in Dutch, we will go on to the States, arriving June 18. The second week, Dennis and possibly Linda will be with Brent at a church camp where Dennis is scheduled to speak 14 times and help Brent lead a family group. Should be fun.

## ON THE "NEW" HOMEFRONT

The only thing we regret is having to leave the teaching center at this time. We had four students from York College teaching English to several of the neighborhood young people using the Bible as a textbook.

There was also a group of 20 young men and women from Seminole and Clearwater, FL that Don Hulseys is trying to

Heidi and Kenny's wedding will be August 4<sup>th</sup>, at a lodge out from Mexico, MO. We are excited about being able to help with decorating etc. Dennis is quite happy that they have asked him to preside. We will probably email a more formal invitation, but hope you can come.

keep busy with various projects. One of the last things Linda did at the center was buy things for a special treat for the preschool. We are beginning to reach the point where we can communicate basic things in Portuguese. It is not as frightening as when we learned Dutch, but our brain cells do not seem as retentive this time around.

### Prayer requests:

- Dennis started teaching a class in preaching. Several preached in class for the first time ever.
- This morning we were driving Fred's car when a pickup jammed another car into us. Pray that things will work out well for Fred and his car. Linda has some pains, but we do not think they are serious.
- Hulseys and DeOliveiras will have more of a burden while we are gone.
- Wedding plans, travel plans, and Cherry's pregnancy.
